汽车安全技术学术会议简介

Brief Introduction of China Conference of Automotive Safety Technology

第一届中国工程学会汽车安全技术学术会议由黄世霖教授创办于1998年。会议一直秉承“紧贴工程实际，深化汽车安全技术，推动汽车产业进步”的宗旨，从当时只有十余名专家的研讨会，逐步发展成如今有国内外研究机构、汽车整车厂、零部件厂商等相关领域五百余名专业人士参与的学术交流盛会；收录论文的数量也从当初十余篇增加至如今一百五十余篇。会议见证了中国汽车工业由小到大的历史，也必将见证中国汽车工业由大到强之路。

The first China Conference of the Safety Technology was founded in 1998 by Professor Huang Shilin. Being committed to "Focusing on the Actual Engineering, Deepening the Automotive Safety Technology, and Promoting the Progress of the Automobile Industry", the conference has developed from a mini seminar with only a dozen experts to the latest national grand meeting with more than 500 experts from worldwide research institutions, OEMs and suppliers. The number of the papers accepted per year has also dramatically increased. The conference witnessed the history of Chinese automotive industry from small to large, and will also witness him from large to strong.

会议从2006年起开始由各申办单位轮流承办。

Since 2006, the conference is held by the bidding companies respectively.
