## Announcement on the 1<sup>st</sup> International Fuel Cell Vehicle Congress (FCVC)

### **Relevant units:**

To promote fuel cell technology implementation through international cooperation, SAE-China will hold the first International Fuel Cell Vehicle Congress (FCVC) on 7<sup>th</sup> and 8<sup>th</sup> of November 2016, in conjunction with the 53<sup>rd</sup> Executive Committee and its affiliated Annex meetings of *Technology Collaboration Programme on Advanced Fuel Cells* affiliated to the International Energy Agency (IEA AFCTCP).

The theme of the first FCVC is “consensus, communication and collaboration” between governmental, academic and industrial partners with vested interests in fuel cell vehicle technologies. The meeting topics cover the current status and future trends of the key vehicular fuel cell technologies within and outside China. Special sessions include fuel cell vehicle development updates at major international and Chinese automotive companies; hydrogen production and distribution; fuel cell performance evaluation, code and standard; and key fuel cell component developments. Detailed agenda is provided in the attachment. We sincerely invite you to join us with your ideas and enthusiasm to make the congress a high level platform of technology exchange and business collaboration for worldwide implementation of fuel cells in transportation applications.

**Organizer:** Society of Automotive Engineers of China (SAE-China)

**Under the guidance of:** Ministry of Science and Technology of PRC,  
Ministry of Industry and Information Technology of PRC, China  
Association for Science and Technology

**Under the auspices of:** International Energy Agency - *Technology  
Collaboration Programme on Advanced Fuel Cells*, United Nations  
Development Program, Argonne National Laboratory, Toyota Motor  
Corporation and AngloAmerican

**Co-Organizers:** China Automotive Technology & Research Center,  
Tsinghua University and Tongji University

**Date& Venue:** on 7<sup>th</sup> and 8<sup>th</sup> of November 2016, Beijing Capital  
Hotel, 61 Dongsanhuan Middle Road, Chaoyang District, Beijing, China

**Registration fee:** See the attachment for details on the registration fee.  
The fee covers the cost for conference materials, site visits and meals, but  
not hotel and transportation to conference.
